CAREER OBJECTIVE

- A passionate and motivated individual with hands-on experience in learning the MERN stack. I possess a strong ability to think through problems and the confidence to voice innovative ideas. Currently seeking an internship opportunity to collaborate with a team of talented professionals and contribute to impactful web development projects.

AREA OF INTEREST

- Software Development
- Full-Stack Development
- Backend Development

PROJECTS

Bookstore Website (MERN Stack)

📅 May 2024

- Independently developed a bookstore website using the MERN stack, incorporating user authentication and ensuring responsive design for optimal viewing on all devices. Managed MongoDB for seamless storage of book information and user credentials, demonstrating proficiency in React.js for frontend development and Express.js/Node.js for backend functionality.
- Tools - Node.js, React.js, Express.js, MongoDB, and Tailwind CSS.
- <https://bookstore-frontend-virid.vercel.app/>

Tailwind React Vite Landing Page (Frontend)

📅 Feb 2024

- Designed and developed a sleek landing page using Tailwind CSS for responsive styling, React for dynamic components, and Vite for fast development and bundling. .
- Tools - React.js and Tailwind CSS.
- <https://landing-page-tau-six-93.vercel.app/>

Simple Todo List

📅 Dec 2023

- Developed a straightforward todo list application using JavaScript for functionality, HTML for structure, and CSS for styling.
- Tools - Javascript, Html and CSS.
